

# Astro-logix<sup>®</sup>

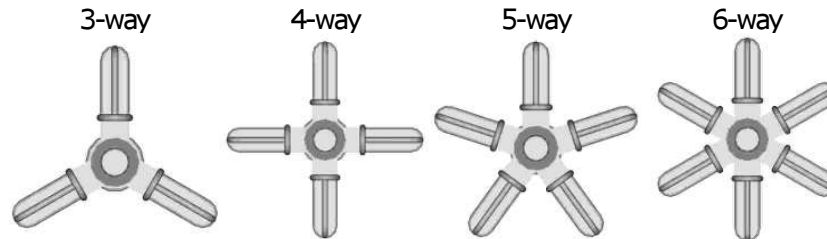

## Instructions

### HOW TO USE ASTRO-LOGIX

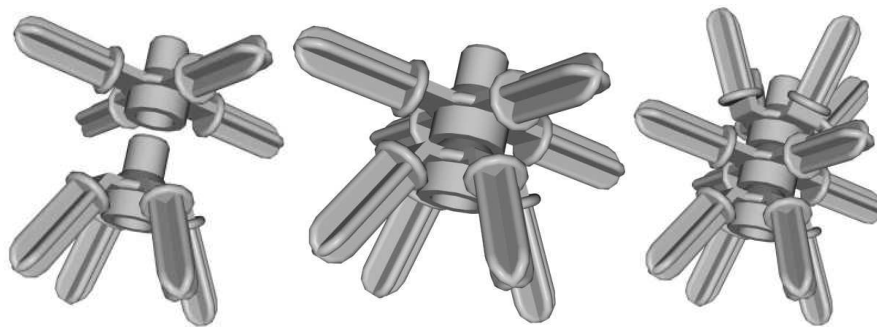

The system comprises "hubs" and "tubes". The hubs are used to connect the tubes, to make frameworks.

#### Hubs

#### Stacking

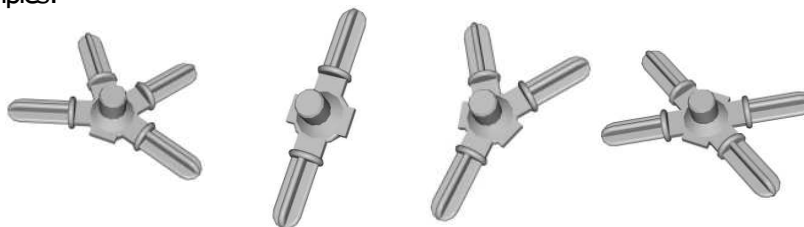

The hubs can be "stacked" together as follows:

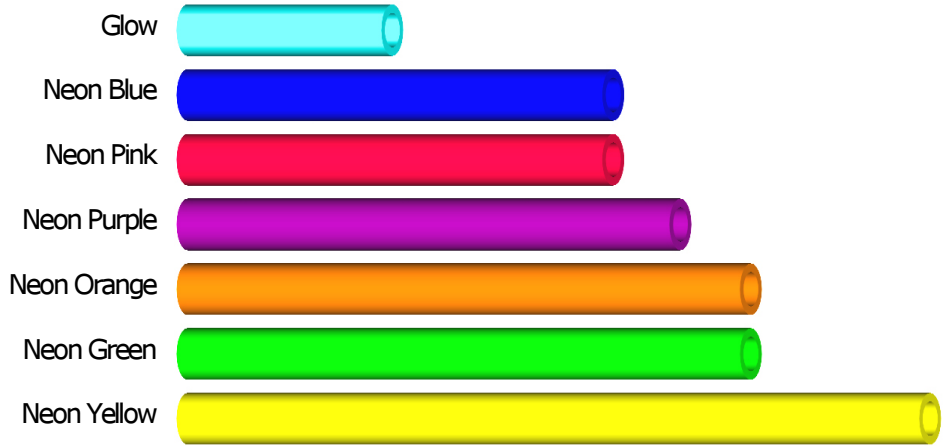

#### Trimming

The hubs can also be trimmed if required.

Examples:

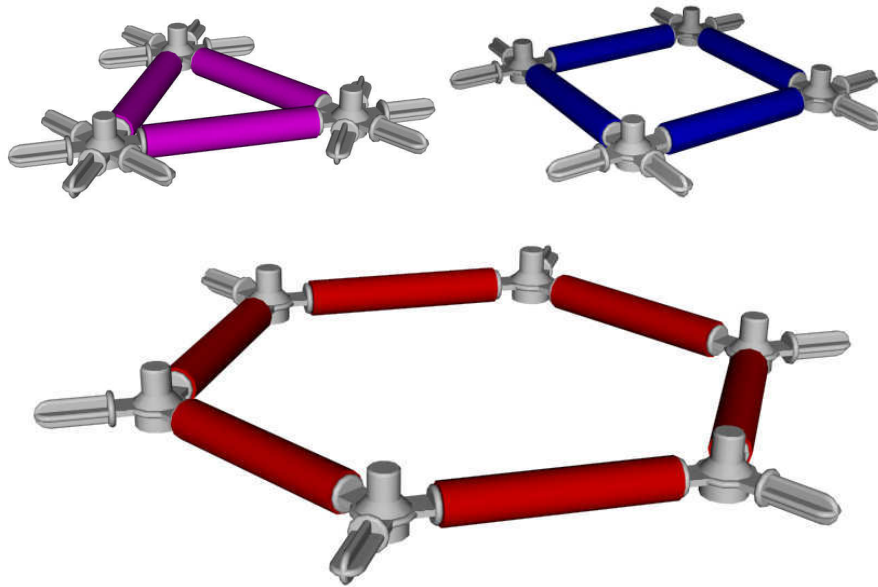

Tubes (various colours & lengths)

Building

2D shapes

3D structures
